Beds & Loungers

It's been a while since I checked in with the design team over at [Cat-Interiors](#) and they've been busy adding new items to their spectacular line of modern cat accessories. First, one of my all time favorite pieces of modern cat furniture, the Rondo cat perch, now comes in a **colorful crocheted outer cover** made with heavy cotton yarn over a steel frame.

They've also added some beautiful new beds to the line including the **Siro Twist basket bed**, made with woven rope over a metal frame. The Siro bed comes with a bottom cushion and two back cushions that look incredibly comfortable.

And finally, another new basket bed, the **Arena wicker cat basket**, also has an orthopedic pillow with a back rest and comes in natural or natural and red.
