Modern Dog and Cat Beds at Pet Interiors

Pet Interiors Dog and Cat Beds - KimVallee.com

Two years ago, I told you about the [stylish cat beds by Cat Interiors](#). I particularly like the RONDO cat bed.

Their initial success led Christel and Otto Meyer to start Pet Interiors. They launched a collection of upscale dog beds in July 2009 that is as fabulous as their cat beds.

You can select the CUBE dog bed in leather or imitation leather. The BOWL dog bed is available in felt, in leather and in imitation leather. The DIVAN is the classic dog pillow that put emphasis on comfort. The brushed wool fleece cushion cover is removable. You can wash it and dry it in the machine.
